Release Notes for Zimbra™ Collaboration Suite 4.5 Network Edition

For the detailed 4.5 release note, please go to www.zimbra.com/products and select **Documentation**. The latest Network Edition Release Notes with a list of known issues and the upgrade instructions is posted there.

Production Documentation

Zimbra documentation includes an Administrator's Guide, Quick Start Installation Guide for single server installations, Multi-Server Installation Guide, Zimbra Cluster installation guides, Zimbra migration wizard guides to migrate accounts to the Zimbra server. These are in PDF format. Online help is available on the administration console and on the Zimbra Web Client.

Bug Reporting

If you encounter problems with this software, go to www.zimbra.com/community and select **Bug and Enhancement Tracking** to submit a bug report. Make sure to provide enough detail so that the bug can be easily duplicated.
